

Rotative Equipment - Industrial Gas Turbines

- SGT-100, 200, 300, 400, 500, 600 & 800
- TB-5000, 5400
- SGT-2000E (V94.2), 4000F
- SGT-4000F

Scope of Services:

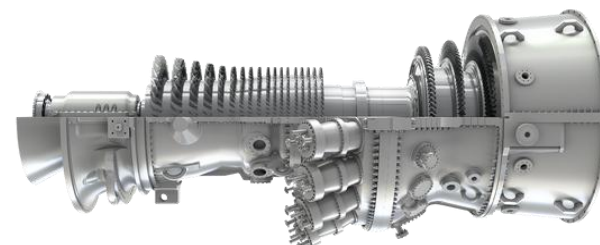

- Performing OEM inspection, A, B, C & D intervals.
- Planned and un-planned maintenance outage support.
- Troubleshooting with high-effective solutions.
- High-speed balancing, field balancing, vibration measurements & analysis.
- GG & PT change out, re-alignment, commissioning and start-up.
- Control system retrofit and upgrading (Mods & Ups).
- Optimized preventive maintenance programs and solutions.

- FRAME 3
- FRAME 5001
- FRAME 5002

Scope of Services:

- Performing OEM inspection intervals, CI, HGPI & MI.
- Planned Un-Planned maintenance outage support.
- Problems troubleshooting with affective solutions.
- Full train alignment, commissioning and start up.
- Field balancing, vibration measurements & Analysis.
- Control system retrofit and upgrading (Mods & Ups).
- Optimized preventive maintenance programs and solutions.
- Full spare part supplying capability.

- SATURN-10
- CENTAUR-40, 50

Scope of Services:

- Performing OEM inspection, A, B, C & D intervals.
- Planned Un-Planned maintenance outage support.
- Problems troubleshooting with affective solutions.
- High speed balancing, field balancing, vibration measurements & Analysis.
- Control system retrofit and upgrading (Mods & Ups).
- Optimized preventive maintenance programs and solutions.

- S7
